EDUCATION

Bachelor of Business Information System (BIS)

Helwan University | 2020 – 2024

Grade: Excellent

- Studied business information systems, software development, databases, systems analysis, and information technology.

EXPERIENCE

Frontend Developer

UNICEF Egypt / National Council for Childhood and Motherhood (NCCM)

2025 – Present

- Developed and maintained responsive web interfaces using React.js, Next.js, TypeScript, and Tailwind CSS.
- Built reusable, accessible, and scalable UI components following modern frontend best practices.
- Integrated APIs and implemented interactive features while focusing on performance, responsiveness, and user experience.
- Collaborated with team members to deliver production-ready web solutions.

Freelance Frontend Developer

2023 – 2024

- Developed responsive websites and web applications based on client requirements using React.js, JavaScript, TypeScript, and Tailwind CSS.
- Translated designs and requirements into modern, user-friendly interfaces with reusable components, form validation, and API integrations.
- Communicated with clients, implemented feedback and revisions, and managed projects from development through deployment using Git, GitHub, and Vercel.
- Worked independently to plan, develop, test, and deliver projects while meeting client requirements and deadlines.
